Student Experiences

Living in Korea can be challenging yet immensely rewarding. The faculty goes above and beyond to ensure that international students not only understand what's happening but also get to participate in exciting events in and around Ulsan. I've lived abroad before, but this experience truly feels like living abroad. Studying at UoU is fantastic!

Scott Uhs, Portland State University

This is my second time in Korea, and it's been my best experience so far. I firmly believe that the University of Ulsan has played a significant role in making it exceptional. UOU offers classes with amazing and supportive staff, provides opportunities for cultural enrichment through travel, and offers top-notch facilities catering to every need. I hope to inspire others in education as Ulsan has inspired me.

Lauren Wallenfels, Northern Kentucky University

In retrospect, embarking on a semester abroad in Korea proved to be a profoundly transformative choice for me. Over the course of this period, I underwent substantial personal and professional growth. Reflecting on it now, I find myself longing for the warm embrace of this country, which captivated me with its boundless hospitality, rich culture and vibrant music scene.

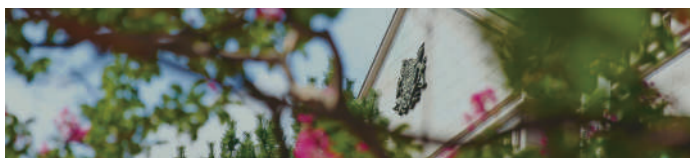

Asi Feryat, Emden/Leer University of Applied Sciences
